MISSION STATEMENT

Music In The Metro is a multi-culture music institute reaching out to kids across the country bridging the gap between the dreams of youth and the music industry, and taking life experiences and turning barriers into opportunities.

To help make a difference in the lives of youth

October 31, 2011

Fred Cirkesena
111 N. Russell Ave
Ames, IA 50010

Dear Fred:

Thank you for your recent donation of a Kurzweil and Yamaha Workstation synthesizers keyboards. We estimate that the combine value for both keyboards today at \$3,000. I want to thank you for your valuable donation.

Please know that the keyboards have already been put to great use as the students starting using them the next day after we picked them up. Because of the additional keyboards in the classroom, we are able to provide more students at the same time with hands on experience.

Again, thank you for your time and support of Music In The Metro and your generous donation.

Kind regards,

Richard Galbreath
